

AUSTRALIAN REAL WORLD CANCER EVIDENCE NETWORK (PAN CANCER INITIATIVE)

DECEMBER 2025 NEWSLETTER

ISPOR SYMPOSIUM

At the start of December, Donna Cowan and Emma Tod from Movember presented alongside Jessica Roydhouse at the ISPOR Australia Chapter Meeting – Advancing Patient-Centred Research Down Under in Sydney.

The presentation was split into four sections:

- A lived-experience account of the prostate cancer journey
- Work Package 1 and the process and collaboration to reach consensus on the Core Outcome Set
- How PROMs collection fits within the context of a clinical quality registry presented by Jessica Roydhouse
- Work Package 4 and how it seeks to address an unmet informational need in prostate cancer by relaying PROMs data back to consumers

The presentation sat within a program centred on PROM development, use, and the value of lived experience in health-focused research. It was well-received, generating strong interest in both the reports produced to date and the next steps of the Pan Cancer Initiative.

MOVEMBER CAMPAIGN

With Movember wrapping up on 30 November, we're excited to share some key statistics from the 2025 campaign:

- 255,112 fundraisers globally – or approximately the population of Hobart
 - 181,267 grew a Mo – or three Optus Stadiums worth of hairy upper lips
 - 87,134 took on our Move challenge – that's more people that can fit into Accor Stadium in Sydney

Note: Some people do more than one fundraiser which is why the tally is higher than the total.

Funds raised by Movember fundraisers will be invested into research and programs such as the Pan Cancer Initiative. We'd like to extend our thanks to everyone that has supported Movember, without you, none of this would be possible.

HAPPY HOLIDAYS

From all of us, we'd like to wish everybody a Merry Christmas and Happy New Year! We hope you all have a restful holiday period and are looking forward to continuing to work with you to deliver the Pan Cancer Initiative in 2026.

The Movember office will be closed from 24 December, returning on 5 January 2026.
